

THE EU BEET SUGAR INDUSTRY CAN DECARBONISE: HERE'S HOW

+ SUGAR BEET

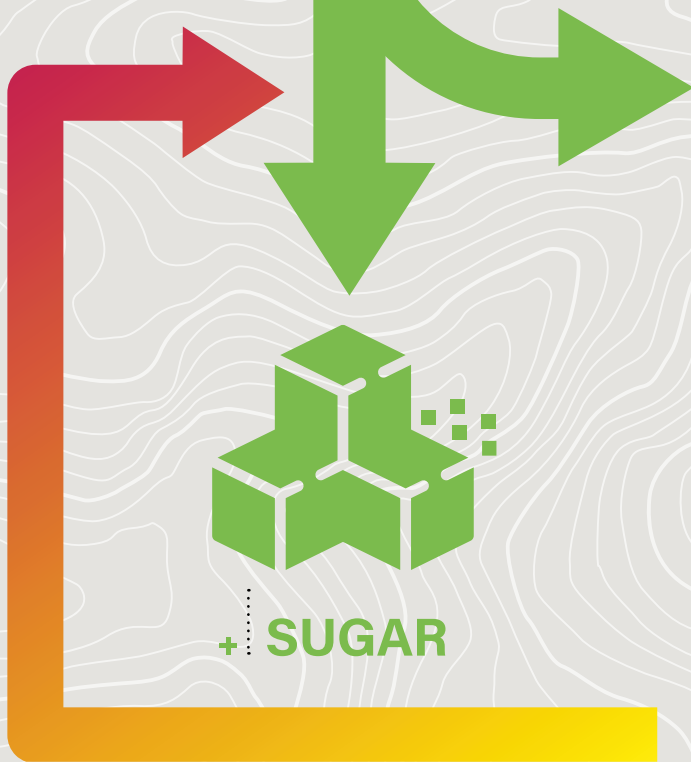

Zero reliance on fossil fuels: **supporting EU energy independence**

No need for publicly funded infrastructure (e.g. **electricity grid and hydrogen pipelines**)

Readily available now - with **no additional land needed**

i Not all beet pulp would be needed for energy

+ ANIMAL FEED

+ ENERGY FOR SUGAR FACTORY

+ **RED III MUST NOT CLOSE THE DOOR TO THE USE OF BEET PULP TO DECARBONISE EU SUGAR PRODUCTION.**
