

CEFS IS HIRING!

Trade & Economic Affairs Manager

RESPONSIBILITIES

- Coordinating the work of the CEFS Internal and International Markets and Statistics (IMS) Working Group.
- Monitoring and analysing developments in EU trade policy (bilateral trade negotiations, WTO matters, trade defence investigations), agriculture policy, and the EU sugar market.
- Drafting positions on trade policy, agricultural policy, and market management and leading effective advocacy efforts.
- Undertaking studies and economic analysis into the domestic support regimes of sugar-producing countries and other issues of relevance to CEFS members.

WHAT WE'RE LOOKING FOR

- A Master's degree in economics, international relations, or a related discipline.
- 3-5 years of experience working within EU institutions, a trade association or consultancy. Trade policy experience a plus.
- Excellent oral and written English skills. Fluency in French, German would be an asset.
- MS suite proficiency (especially MS Excel).
- Experience with data visualisation tools such as PowerBI, Tableau (or willingness to learn them).

- Personal: great networker and communicator; pro-active self-starter willing to expand the role; solution-oriented client/member-facing attitude.

WHAT WE OFFER

- A full-time CDI (40 hours/week) with competitive salary
- 35 holiday days per year
- Daily lunch vouchers and annual eco-cheques
- Hospitalisation insurance
- One day flexible teleworking per week
- Perks: contributions towards bike/car/public transport travel, gym membership
- An open, supportive and meritocratic working environment

HOW TO APPLY

Send your CV and cover letter setting out your motivation to josh.gartland@cefs.org by Tuesday **16 May 2023**. With the job title in the subject line.

Pre-selected candidates will be contacted for an interview. First come, first contacted!

ABOUT CEFS

CEFS (Le Comité européen des Fabricants de Sucre/the European Association of Sugar Manufacturers) is an international non-profit organisation, representing sugar manufacturers from the EU and Switzerland. Our goal: A sustainable European beet sugar industry, working together with the EU Institutions.
